Dear Mr. Tsuchiya:

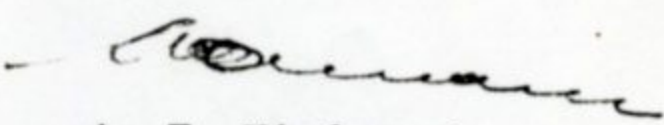

In behalf of the Navy Department I want to express our appreciation to you for the splendid service which you rendered during the war period as a language teacher in the Naval School of Oriental Languages.

The task of teaching languages in accordance with Navy standards and techniques calls for the utmost of enthusiasm and effort from teachers, and I know that the efforts of all our teachers far exceeded the usual requirements of language instruction.

The language officers who graduated from our language schools made a vital contribution to the war effort, and their success was due in a very large measure to the untiring efforts of their teachers, including yourself.

With kindest personal regards and wishing you every success, I am

Yours sincerely,

A. E. Hindmarsh
Captain, USNR
